The Premises:

New location in Marylebone. Not as good as the previous one (I'm a semi regular) but still good. Basement flat on a busy road. Charlotte is nervous about the neighbours hearing her goings on and that can sometimes break the spell.

The Lady:

Charlotte is lovely. I have been seeing her for a couple of years now and have never been disappointed. Photos on the website are completely genuine. She is a proper submissive - I've had her hog tied and caned and then checked her pussy for feedback - it was soaking wet (at which point she was punished for being a perv slut). She can take a good spanking, paddling and caning. She is particularly sensitive to tickling.

Charlotte definitely opens up to regular customers. She is quite happy with me doing things now that were a no-no at first (caning and rope bondage, for example). Generally though, if you want to punish a filthy slut, Charlotte is your girl.

The Story:

I told Charlotte to enter the room naked. I gave her a thorough cavity search, then cuffed her hands behind her back, gagged and blind folded her, & led her by the nipples to be punished. I spanked her until her arse was red, then kept going with different implements. If she could guess what it was I would stop a day move on to the next one. If not I would keep going, but harder. I moved up the scale and finished with 20 hard strokes of the cane. I stopped when she started to cry (we had agreed a safe word but she didn't use it).

I then made her suck me off, including deep throat, before forcing her on to the bed and fucking her doggy style (still tied up) until I was ready to blow. I then made her kneel on the floor as I came on her face & left her to free herself. She was still tied up when I left. Fucking amazing punt.
