The photos on the website are accurate and not blurred. The description is also accurate. She is very good looking and has pierced nipples and a natural bust

The Story:

I met Abbie when she worked for Diamond Escorts, but I've seen her profile on other websites including one in Australia, so I don't know if she still works in the UK.

Abbie is accommodating. This was one of my first punts, and I hadn't had sex in a while, but she was very nice. She was willing to try different positions, but not CIM or kissing which was a shame. Abbie did start to get fed up and did let this show, but this was partly my fault for taking about 45 minutes to cum.

Abbie is STUNNINGLY GOOD LOOKING. Her photos are accurate and do not flatter her in any way. She has an Irish accent. I would recommend her.
