### The Premises:

### The Lady:

Amber is mixed race, and not bad looking. I am pretty sure that the photo used on the website is not her. However, there is some similarity. Decent sized natural boobs. I can't remember if she has any tattoos / piercings but nothing significant in that regard

Age:28

Height:5' 6

Bust: 34FF

DressSize: 10

Hair type: Long straight

### The Story:

Amber was very accommodating. It was a bitterly cold day when she visited, and so I initially gave her five minutes to warm up by the radiator. After she then complained my hands were cold I warmed up my own hands on the radiator for a minute, which I was happy to do. She has nice tits and was happy for me to play with them. She was happy to change positions as and when I wanted. Straight sex, no oral or anything else requested. We tried Missionary, edge of the bed, her on top. Overall very good.
