The Story:

Millie is reasonably good looking, and I couldn't have asked for much more from the experience. When she first came we undressed and she got me going with a bit of kissing and letting me run my hands over her body. She then dropped to her knees without me asking which was sexy, and let me tit-fuck her which was nice (I didn't ask for oral). Then there was a slight bit more kissing, though I get the impression she didn't want too much of that. Nice bit of motor boating during sex, went through the various positions. She has a nice tight pussy so cumming was no problem. She was very friendly and easy to get on with. I would recommend Millie, and may have her visit again
