The Premises:

This woman works in Sandown High St, Blue door in-between the curry house and Chinese. It's a grotty place, and I can tell you it's grotty inside, holes punch in the hallway walls. Its a one bedroom flat, up the stairs, right hand side door as (she told me it was a pass tenant, which could be true). It's very messy and cold, her room is a mattress on the floor with no bedframe.

The Lady:

Kelly will tell you 36-40 more like 45-50. That's ok if you like that, I do, I have met her twice. First occasion was okay, but I always try to go back before I make my mind up, I like to be fair. Im not going to comment on the sex as it was average, nothing to write home about.

The Story:

On the second occasion this where things were different, she told me to come to her flat door (Blue door) she came down to meet me with wet hair. She told me she had just washed it. She asked how long I wanted the hour £100 as it was Christmas, but I felt inside me something was wrong (gut instincts) I said I will have £60 half please, then she said ok let's sort the money out her words where "for security, then you can top up if you want to'. I was happy with that No issues. Then with the money in her hand she went to the left door not right. Shut the door and I was left in the hallway for about 10 or 15 minutes at the time I was thinking Ive just been shafted. Then this big man comes out to say she's and had locked herself out, go outside to the white door. And you got it, she never returns my text or calls.

Kelly has many mobile phone numbers, please be aware she took my money it could have been worse, thank god. Ive been punting for a long, long time. Do yourself a favour STAY AWAY
