The Story:

I booked Olga for a dinner and she was absolutely stunning she had a beautiful red dress on with high hills and a very nice smell on her very we went to dine and had a nice long conversation about her and she was very polite and funny she also really took an interest in me which I found especially good, we shared nice touches of hands and a few kisses over dinner her skin was very soft and gentle and she was so beautiful some people in the restaurant just couldn't keep their eyes of her so after dinner we went back to my place and she asked to go to toilet and when she came out I was very surprised she had a very sexy langerie on which made those curves look completely gorgeous, I was sitting on the sofa at this time and she came on top of me and started to kiss me and tease me with movements at that point I was completely turned on by that beautiful blonde girl and when she took noticed of that she got down on her knees and she gave me the best blowjob I've had in years it was so good that she made me cum in a very short time after she started, after that we cuddled a bit so I could restore some energy and get things going again and after I was ready the sex was just amazing that girl has some riding skills that just left me speechless and overall it was great probally one of the best experiences ive had with escorts in a long time totally worth the money paid for it.
