The Lady:

Alex is quite tall with a very impressive figure including very successful enhanced boobs. She has a pleasant manner that made our conversation and activities very pleasurable for me.

The Story:

I arranged for a long shower first on a cold and wet day. Alex left me to it as requested and came back in at just the right time.

The atmosphere between seemed to be relaxed from the start and this together with Alex's easy manner and very attractive appearance meant I was very happy throughout.

I requested to be the one massaging and enjoyed exploring Alex's great figure with kisses intervening.

We moved on to sex via Alex handling me and both of us seemed to be enjoying ourselves.

From other reports, Alex can be more adventurous but I didn't want any more than we did and as everything I wanted was readily provided, I left a very happy man and would happily see Alex again.
