The Premises:

We met at an apartment that Lily had rented near Westbourne Grove, as her own place was in use for her party business. The apartment was in an upmarket block in a good location. It was a rather bland Air B and B place, but fine. The shower was clean and hot. Next time I shall entertain Lily at my place.

The Lady:

Lily is a very tall and slender woman of Chinese origin. She is strikingly beautiful and in fact more attractive in the flesh than in her photos. Her face is animated and she has long and lustrous hair. She has one tasteful tattoo. She has a sexy figure and good muscle tone. She is neatly trimmed rather than fully shaven.

The Story:

After the retirement of Emma of Mayfair, who had been my regular companion for several years, I looked in vain for a replacement. After some disappointing try outs with other girls, I found Lily Chan. She isn't just a replacement, she's an upgrade. Lily is a delightful woman - confident, worldly, and a lot of fun. She throws herself into what is after all not an easy job with enthusiasm, and radiates party girl attitude. She is both classy and kooky, and you could easily take her anywhere. In bed she is simply fantastic, and will play as hard or as soft as you like. I will see her often.
