### Details of Service Provider:

### The Premises:

Silk lives about 10 minutes' walk from Eltham station and it is easy enough to find. A discrete house and all the furnishings you could ever wish for. Warm and refreshing, there is plenty enough room to accomplish everything. Refreshments are also available.

### The Lady:

Silk is as described on her profile, although I'm surprised she describes herself as a size 10. I would put her under that. She's certainly not skinny slender, but fully in proportion to the rest of her. For a slightly more mature lady, she has kept herself in good trim and her skin is wonderfully velvety. She smelt and tasted delicious and just holding her is a delightful experience. C-cup soft boobs that are responsive and an arse that is simply begging to be grasped. Again, for a lady of her age and after child-baring, she has an astonishingly tight pussy and you certainly have to get her wet to carry on with proceedings! Happily, this is easily achievable. Silk is, in brief terms, a diamond! She is polite to a fault and her courteous, respectful personality is a pleasure to behold. She is easy to laugh and there is a distinct appearance of caring in her tone, conduct and baring. An authentic lady, who seems to take value in what she does and say and treats others with mutual means.

### The Story:

This is the second time I have seen Silk now, and arguably, this was even better than the first encounter. Presumably, because we knew each other a bit better. At this rate, I can fully see myself visiting her on a regular basis and every time that I am in London. However, due to job commitments, this may not be as much as I like, although on the flip side to that, this may save my wallet taking a pounding!

Communication with Silk has always been smooth and without difficulty. Emails, texts and phone calls have always been returned and coherent communication has been a constant.

For this occasion, I took the train to Eltham and her house is a 10 minutes' walk from there, very easy to find and is on some quiet roads. Silk opens the door to you and after a quick hug and kiss, you are led upstairs to the bedroom. Although, I vowed with her that next time, we'll have to try

some other areas of the house...

Once in, things got underway by some lovely tender kissing. She is great at this and this was a continual pattern throughout our time. I don't think there was one moment where one of us was not kissing some part of the other. She tastes great and her skin is unbelievably smooth, with no hint of losing its elasticity at all.

She then proceeded to undress me slowly and once she reached the trousers, some mind-blowing OWO was started, with ball-licking as well as sucking. Her mouth is as velvety as the rest of her and a man could drown in such sensations.

However, I prefer not to divulge too long in this pastime, as I simply love the taste of Silk. I returned the favour, which she does seemingly enjoy. Getting Silk all wet is absolutely essential, for entering into her is a somewhat challenge, as she has retained her tightness.

She's happy to partake in any position and in the times I have seen her, I have had the pleasure in a number of those, all conducted with true enthusiasm and gusto.

Afterward, I have held her on both occasions and talking to her is an excellent way to wind back down. She's intelligent, can hold a good conversation and can laugh in a genuine way. There is no awkwardness about her and her open, bubbly personality is apparent at all times.

A final kiss and I scampered off back to the train station, to resume my meetings in the city, completely sated and fully relaxed for the battles to come.

Silk is certainly, a sedative and exquisite cocktail that any hot-blooded man would thoroughly enjoy.
