The Premises:

Been to HOD, Pimlico a few times. It is a decent location that is very close to the train station.

The Lady:

I was a fool to book Leona going by her HOD website pics. In reality, she doesn't look even 30% as those pics appear to be heavily photoshopped. I can now understand why HOD decided to blur her face.

The Story:

Leona looks very thin with dark circles around her eyes and with sores and acnes on her forehead. When I kissed her I felt that her breath smelled heavily of smoke. Though she has only very small boobs, they have somehow started drooping already. She didn't allow me to suck on her nipples saying that they are sensitive. I should have left then. However, I decided to continue as I had paid for 30 mins. When I removed her panties, I found sores around her genitals and ass. Given the disappointment with her looks and attitude that was finally the last straw and I decided to leave.
