The Premises:

Have you ever wondered what Paradise would look like ? Simple just visit MK Escorts and you will see, on this visit i saw shown in by a lovely bubbly maid who chatted away to me as she showed me up to the first floor room. Outside the room sat Sasha and Krystal (two very lovely looking ladies) I then had my pre punt shower and was greeted by the very sexy Bonnie dancing around in stockings and suspenders, seriously life just doesnt get any better than this.

There's plenty of parking at the rear of the premises, however there is building opposite the car park and the past three times I've found it a little difficult to park, there's no problem because you can park on the main high street, it states for one hour no return within the hour but I've parked there for two with no come backs.

Theres a petrol station just a little down the road with a cash point just in case you need extra funds.

The Lady:

Taylor is simply perfection in my eyes, today she appologised for not straightening her hair but it just looked amazing and wavy, her olive skin felt like silk and I easily get lost in her beautiful green eyes. This lady does have a few tasteful tattoos which may not be to evryones taste, but they take nothing away from her perfection. The best bit for me is her pierced nipples, when I saw her photo's on the web site I knew I had to have a closer inspection of them.

The Story:

The first time I saw Taylor she was waiting for me in the top floor bedroom warming her hands over the heater because she didn't want to touch me with cold hands, that care and consideration is shown throughout all three visits I have had with her and she just gets better and better. I struggle sometimes when I met a new WG, nerves, age, lack of chemistry whatever it is, some ladies seem to act as if thats my problem and to a point it is, but with Taylor she seems to take it as a challenge and ensure you visit is the fantasy you want, very few ladies can me pop once during a visit but Taylor manages to do it two or three times and shows no signs of wanting to slow down.

Basically she's a very special lady in my eye's and I look forward to spending alot more time with her in 2018.
