The Lady:

Colette is a very young brunette girl she has a very exotic look and nice long black hair she looks exactly like the pictures she is about 19 to 20 years old so very young but she has got some amazing curves very nice and sturdy tits and ass.

The Story:

colette met me at my place at about 19:00 pm she had a very charming yellow dress on with high hills at first looks she was amazing she had a long black hair going to her mid back and had a very nice volume upfront and in the back too she, she was very a bit shy at first and when she got in the flat I offered her a drink a glass of wine and we took some time to get to know each other better after a glass of wine she was a bit looser and I got to know a bit more of her personality which is a very kind and funny young lady she was very talktive and really made made a connection with me, so after about a hour of talking we finally got down to business and she asked to use the toilet before and when she came out she had this very nice and sexy langerie underneath a combination of yellow and white, her curves and her body looked absolutly stunning with that langerie she then grabbed my hand and took me to the bedroom and I was very fascinated by how comfortable she was she got in top of me and started to tease me with slow movements and very warm kisses after I was hard on she went down on my and started to give me oral and it was a very nice oral she did honestly you dont expect girls at such young age to have this kind of experience it was really good and she loved it, after that I really wanted to view that ass in fours and the view was epic I was completly speechless by how gorgeous that girl was the experience was really nice and im sure she also liked it her moaning and heavy beathing thoughtout the time we were together didnt deny it, I defintly would reccomend this girl she will not leave you hanging and certainly will make an effort to please you the best possible.
