The Premises:

Cherrys is located on the edge of Manchesters Northern Quarter, along a quiet side street which is discreet enough even for the most nervous punter.

The entrance to this place is down a set of steep steps leading to a basement. Once inside it is very clean, well decked-out and the room itself was quite salubrious. Warm, too. Very cosy. I felt immediately at ease here.

The Lady:

Lauren is exactly as she appears in her photos! Stunningly attractive. Early 30's with a 'gym bunny' physique, though she insists she doesn't use a gym-but admits to never keeping still. She has the flattest, tightest stomach I have ever seen and has a golden mocha skin tone. She looks Brazilian but is 100% thoroughbred Brit. Lauren is about 5' 5" and a size 6. Her long brown hair frames her pretty face perfectly and those big brown eyes of hers make you instantly attracted to her. This girl is perfectly proportioned! Her shoulders and arms have definition, her waist is tiny and the curve of her hips makes her arse pop out and scream 'squeeze me!'. 10/10 in the looks department!

The Story:

Once in the room, Lauren is a real chatterbox - but don't let this put you off. She is adorable. She is happy in her work and it shows. She is warm, friendly, agreeable and very funny. I clicked with her, and this doesn't always happen. Right from the start, Lauren explains her pricing plan and it's a very fair pitch. One thing to note is that Lauren will have nothing to do with the bumhole. If this is your bag, give Lauren a miss. No anal, no rimming, no nothing. The bumhole...is a no-no.

I opted for a GFE including DFK and fingers. This was an extra £10 and totally worth it. It made all the difference. Lauren treats you like a King and does your ego the world of good. There is no awkwardness with Lauren, she makes everything flow and guides you perfectly along your way to a shuddering orgasm. This girl has serious skills and has great knowledge of sex and sensuality.

We began with a covered BJ and this was perfect, next up was cowgirl...no finer way to admire her perfectly bronzed torso writhing and grinding on my steel-hard cock. Next up was face-down ass-up...my fave. This gave me the chance to admire her slender toned back which my hands wasted no time in holding and stroking. As the finale, we scissored and I was able to hold her arse cheek and shoulder as I plunged into her as deep as I could whilst maintaining eye contact right up to the crucial moment of glory. I filled the bag and collapsed in a heap on top her her. Spent. Exhausted. Ecstatic.

It didn't end here. The afterglow chat was equally enjoyable. We chatted about general life, hopes & dreams...that kind of thing and not once did Lauren look at the big clock on the wall. I went over my time but there was no rush. Eventually we had one last snog and got dressed before heading out into the cold miserable Manchester weather. On the Inside, I was glowing like a red hot poker and it was going to take a lot more than grey skies and rain to wipe the smile off my face. Even the rush hour journey home didn't phase me. Lauren is good for ones mental health and an empty sack makes for a full experience. Lauren is the best punt I've had in years! 10/10.
