### The Premises:

Bella's place is a very comfortable place very easy to find close to the south Kensington tube it's got parking spaces on the roads in front of the apartment and her place is pretty clean and tidy it's got a very nice and big bed and a nice and big bathroom too with hot shower and clean towels and sheets.

### The Lady:

Bella is a beautiful young Spanish girl with brunette hair beautiful brown eyes and an amazing body with some really nice latina curves sturdy ass thin waist and sturdy and round tits she looks even better than the photos and looks pretty young too around 22 to 24 years old.

### The Story:

I went to Bella's place at about 20:30 pm and when I got to her place I was actually surprised that she looked even better than the photos she was very enthusiastic and had a beautiful smile on her face we then started talking and I was turned on by her Spanish accent almost instantly she's got a very kind and sweet personality we bonded right away, she talked to me and wanted to know everything about myself I found that especially nice as most girls just want to jump straight into action so before we actually got any action done we got to know each other really well and as things went flowing we started to make out on her sofa, she went on top of me and started to provoke me with movements and sexy teasing words with that nice accent by my ear in a very nice and low tone she then started to take her clothes off and she had this very sexy lingerie underneath and when I got a look at those curves I was completely speechless and absolutely turned on a very nice and sturdy ass with big round and sturdy tits and a thin waist even better than a model, I just couldn't get enough of her and I was pretty surprised by her skills too she was amazing at her oral skills and she really knew how to ride on top I guess that's the most remarkable aspects of a latina girl they are well known for their amazing curves and skills and I finally got to experience that for myself I got to say that it's something you got to try at least once in a life time and it will not disappoint you.
