The Premises:

Jennifer's place is in really easy to find location, discreetly placed on the main road, not far from Bayswater Station. It's a lovely apartment with everything you could need. Shower is great, fresh, clean towels etc. Music playing on entry, naughty video on a large TV screen, mirrors around her bed, a fully stocked bar... Doesn't get better .

The Lady:

Jennifer is really very slim and petite; typical of Thai girls. She's a real professional and has clearly invested in herself when it comes to appearance. She's had butt implants and boob implants. I'm undecided about the butt implants. Her ass looks great in her clothes and her underwear etc. but there are times when it looks a little unnatural when she bends over etc. Her books are pretty perfect however, as is the rest of her. Slim waist, smooth skin, fully shaved etc. A few tattoos, one above her pussy which is rather nice.

She was well made up, perfectly dressed in a schoolgirl uniform with knee length stockings. Her hair was all done up nicely. She had clearly taken some time to be ready.

The Story:

When I arrived Jennifer wasn't there. She was upstairs getting ready, I was told by another Thai girl. This girl wasn't dressed for playing however, but she did chat with me, play some music and offer me a drink etc. She offered me a shower whilst I waited, which I did eventually, since I was sitting for a while waiting. When I came out Jennifer was there and she was ready for action. I was overwhelmed how good she looked. One thing annoyed me a little however. Her agency called round for their commission just as she was getting into it with me and this was very off putting. They didn't come in of course, but she did go to the door with a load of money and passed it through the gap. Could have been a bit more professional and asked them to come back later.

Anyway, Jennifer more than made up for the encounter. Her oral skills are through the roof! Really they are. OWO was given with enthusiasm, lots of licking and kissing everywhere it counted! She didn't go too deep (because I'm pretty big really), but she did some amazing things with her tongue that I could feel very well. She followed this up by getting the oil out and pouring it all over herself and sliding over me. Rubbing her pussy against my cock and pushing it between her ass cheeks

and her tits. It was lovely. I thought I was going to pop there and then, but she decided to get on top, rubber up and ride me for a while. She then got a vibe out and proceeded to move it all around my balls and up and down my cock whilst she fucked me. It was astounding. Couldn't last much longer so I told her I wanted CIM which she happily obliged. She took it all in her mouth and even offered to snowball with me (I declined!) Spat it out and a quick visit to the bathroom before coming back to give me a wonderful massage. She's a true professional.

Would recommend highly, but it was a shame about the waiting around at the beginning and the interruption.
