The Premises:

Place is really nice and easy to find. Beautiful studio apartment, nice and clean with a nice big bed. She still has her Xmas decorations up! But they actually look really nice, presents under the tree etc. Also display of handbags and shoes. She's a neat young woman for sure

The Lady:

Well, this is where it gets disappointing and good at the same time. When I arrived, I have to say that I thought it may have been a different girl for a moment. I knew that the pictures had been shopped a little before I arrived, because you could tell she was a more curvy girl and she'd managed to "adjust" this on her photos. But the thing that got me the most was that her hair is shorter, and it's also not ginger at all, it's now blonde!

She was dressed in a nice dress with sexy underwear on, and when she took them all off, she did have a lovely body, with natural big boobs.

The Story:

My experience isn't that good to be honest. However, I think that it could have been better if I'd have gone earlier (it was 3am when I turned up). Not that this should be an excuse really when you're paying £200 for an incall service. And this is usually as much as I like to pay, unless she's really hot and then I'd go to £300-500 (no higher). So, I'd like to think she was just tired or something, because it wasn't the experience I expected at all. Especially since the receptionist - Yana - at Babylon recommended her, and I usually use this agency for European/Russian type girls when I'm in London.

Oral was covered to begin with, which I don't like. It was good, but nothing really knockout. This was followed by sex in one position only - missionary. I did ask for her to go on top, and I also asked for doggy, but she didn't want to because i was "too big". She even winced a little during missionary, so there must have been something wrong, because I'm not "that" big! Either way I very nearly just stopped and left. But those boobs are something else, so i merely finished off with breast relief and unloaded there. Conversation afterwards felt strained and rather boring, so I left early, not entirely satisfied. I did tell Yana from Babylon when I left and she was most apologetic, and more than surprised. Perhaps it was Marilyn's "off night"
