The Story:

I'm a regular at HOD and this was probably my worst ever experience there. It started off fine - we got undressed, she started with a blowjob and then got on top. After a few minutes she wanted to change position so we switched to missionary. She was positioning her body/legs to make it difficult for proper penetration but nevertheless I was getting into it. However after a few minutes she said it was hurting her and put on more lube. I was fine with this as I obviously didn't want her to be in pain. We started again but she shouted at me "this is not a 30 minute fucking session!" (I estimate this was after about 8 minutes of sex in total) and tried to wank me to completion. Her unhappiness and hostility had totally killed my mood and I told her not to bother so she gave me a lackluster massage for the rest of the session.
