The Premises:

Her place is very conveniently located near Paddington station. Discrete and private entrance. The flat is immaculately clean with a great shower (better than mine at home) and comfortable bedroom. 10 out of 10 for location.

The Lady:

Absolute stunner! Definitely matches her photos. Fantastic body, firm and not overly skinny. Wonderful full breasts and well groomed in all the right places.

The Story:

She opened the door to me wearing a sexy, near see-through nighty. She greeted me with an smile and a kiss on the cheek and invited me inside. Her friendly demeanour and comfortable conversation made me feel immediately at ease. I went for a shower and then joined her in the bedroom. She asked me to lie face down. Once in position I could feel her undressing - at this point I had not yet seen her naked and my excitement and anticipation was growing, she definitely knew how to set the scene. Using heated oil she started to massage my back, neck and head - absolutely amazing massage. I could feel her adjust the pressure and intensity taking cues from all my movements and vocalisations - I have never had a masseuse so in tune with my body. She moved down to my bum and legs and in the process she managed to hit every single erogenous zone - even ones I did not know even existed.

She asked me to turn over and for the first time I see her oiled breast and her naked skin. The only word I could use to describe the image that I saw is Goddess. She ran her hands over my chest and stomach and down to my cock. With oiled hands she started working my cock with a pulsating motion, I was in complete ecstasy. Her rhythm was flawless, bringing me closer to climax with every stroke and then holding me back to make it last longer. Her eyes were fixed on mine with intensity, her breasts round and glistening with oil in the glow of the light... at this point I was in heaven... Finally she allowed me to climax, a climax that no words can describe.

She came to lie next to me as I composed myself after having one of the most intense moments in my life.

She offered me some water and we talked for the remainder of the time.

I really can't wait to see her again
