### The Premises:

An end of terrace house very close to Abbey Wood railway station. The room was very small and dark with strange coloured lighting.

### The Lady:

A Romanian girl maybe late 20s early thirties. She had a slim build with medium size breasts.

### The Story:

A routine, business like session with very little foreplay. It started with covered oral and progressed to sex in doggy position. I just managed to get to suck her nipples before doing the deed. I took about 3 to 4 minutes to come and after getting dressed I reckon I was in and out the place in under 15 minutes.
