The Premises:

Spacious basement flat in quiet residential part of Bayswater, which she shares with Jessie. She looks after her room impeccably, with lots of homely touches and a well stocked fridge, and the bathroom is perfectly clean too. A shared bath was offered, but as it hadn't been run, I declined while promising we would do it next time!

The Lady:

I had seen Victoria once before, several months ago when she was very new and quite shy, and was delighted she still looked the same beautiful young lady in her early 20s, fantastic slim figure with wonderful enhanced boobs, but now with a cheeky confidence which told me I was definitely going to have a good time! She sings softly to herself from time to time which is really enchanting and gave the impression she was totally at ease in my company.

The Story:

After the unfinished business from my time with Cherry a couple of days before, there was going to be no risk of further disappointment as Victoria, after a quick shower together, literally set about ravaging me in front of a large mirror, whilst kneeling in front of me, sheer heaven! She had me on the edge within five minutes, and having transferred to the bed with clothes strewn in our wake, it wasn't long before her tongue took me beyond the point of no return. All manner of positions followed before we finished with some mutual massaging and an unhurried shower together. 10/10.
