The Premises:

Fantastic place near Baker St, Edgware Rd and Marylebone stations. Clean, good shower, large and fully equipped with all sorts of sexual paraphenalia.

The Lady:

I hadn't checked the website and just called to see if anyone was available so was surprised when a girl with short cropped/shaven hair walked in. But she is pretty and I liked the novelty value. Alice is also young, has ivory skin but is a bit on the skinny side for my liking with small tits.

The Story:

I do like a bit of BDSM now and again albeit nothing too hardcore and LSG is my default option to scratch this particular kink. It is a shame they don't do owo but they are invariably pretty and provide good service.

I normally go for a bit of roleplay and went for secretary roleplay. Chastised Alice for shoddy work and with her teetering on the brink of employment she was willing to do anything for another chance. Of course, she needed to be punished and bent her over and gave her a good spanking and some light slapping. She was ordered to get on her knees and suck as though her life depended on it and finished off with a handjob whilst giving her a few playful slaps.

Alice played the role really well and is also a lively, engaging and lovely girl. I would highly recommend and even though she is not my type physically, I would be tempted to visit again.
