The Premises:

Easy to find. The front door is a bit public, but no one is interested. Large bedroom, well furnished (including a well-lit bar). Bathroom / shower adequate.

The Lady:

Just like her photos except that she is now dark, which is more natural. Not my usual choice of body shape - very small even by Thai standards - except where she has been enhanced. Nevertheless the published reports were enticing.

The Story:

Turning up on time, I was admitted to the flat by a bundle of grey towelling with a grey towel turban. In the restricted light I wasn't sure whether this was Jennifer but went along with it. I was ushered into the bedroom and given a bottle of water. The towel bundle suggested I take a shower, all the while twittering in what may or may not have been English. She sounded like a charm of goldfinches in a field of thistles. There was however one phrase which, repeated often enough, began to make sense. "Sexy lady here soon". I realised that the bundle was not Jennifer. She led me to the bathroom and carefully hung up my clothes, helping me to work the shower and dispensing mouthwash. "Very sexy lady here soon very sexy".

Coming out of the bathroom I found that Jennifer had arrived. Many apologies - she had been to the dentist. Glass of wine provided - tasted horrible after the mouthwash, but my choice. Jennifer then went into organisation mode. The bed was carefully arranged, lighting adjusted, porn video switched on, box of essentials checked and put in place. Then she had to text the agency. This took a remarkably long time whilst I reclined naked on the bed like some ancient Greek satyr. The whole process was becoming rather tedious.

But then the show started. Clothes were removed to reveal Jennifer's extraordinary figure. She drenched herself with baby oil, and then me. She slithered all over me. Her hands went everywhere with tantric touch. She sat astride and slithered some more. Her principle massage point moved from her hands to her pussy. This was the nearest to unprotected penetration that you can get. After a while she slithered round to 69. Much slipping, sliding, slithering. Her oral was designed to stimulate gradually, persistently toward the conclusion, which was volcanic. Part 1 over.

Part 2 was a proper massage. A bowl of massage oil had been warming during Part 1, and was now applied. This was a really very good massage.

Part 3 would, I believe, have been as spectacular as Part 1, but we were running out of time. The mucking about at the beginning had taken up 15 mins or so, and there was another booking coming soon after me, so we had to forego the grand finale. Another shower (assisted) to remove all trace of the oils, and time to go. She has promised to make up the lost time when I visit again, which I surely will.

The towel bundle reappeared as I was leaving. She was introduced as Sakura, with whom Jennifer provides a double act on occasion. Im not sure that I could cope with that.

So despite the slow start, this was a very special experience, quite unlike any other provided by the Thai team in London. I'm going back.
