The Story:

I found the experience a bit nonplussed and it felt very mechanical and never really took off. From entering the house it was money up front and shoes off and upstairs. From then on it was not really happening it felt cold and whilst Louise was naked her legs remained very tightly closed and that was the signal to call it a day. I'm sure Louise is a great woman to spend time with and maybe it was more my problem than hers but as I have said it seemed lacking in anything other than a cold service.
