### The Premises:

Well hidden house with discrete entrance, parking nearby. Downstairs a bit old fashioned but clean, the room itself clean and well furnished, just the right lighting to set the mood.

### The Lady:

Foxy is a slim dusky skinned beauty with the most amazing nipples I could have watched for hours.

### The Story:

My first time with MKE and it will not be the last. I got a friendly reception from the maid and an even more friendly one from Foxy. Her arms went straight round me as we first met and our lips and tongues were entwined even before we had settled the account. Waiting time was minimal so no time was wasted before getting sensual with Foxy. She has a lovely friendly personality and communicated well throughout, always ensuring that I was comfortable and that my needs were being met. She also appreciated attention to her needs, so much so that she drowned me when subjected to oral and fingers. She saw to it that I remained excited the whole time by using a whole range of techniques including toys, fingernails and every part of her body. The little man was more than ready when it was time for her to mount me. Manual finish was intense and she took every drop.
