### The Story:

paid for Raven for an hour and spent over 600 so was expecting one of the best punts of my life but sadly that wasn't the case here. First off, she looks better in her pics. Not saying she's ugly by any means but I'm just not a massive fan of fake overly inflated lips like the Kardashians. I'm a man so I'm all for big blow job lips, but Raven's taken it a little too far so that she looks duck-like. It's not that attractive to me. Anyway, she still gives good blow jobs, nice and sloppy and more than happy to swallow some while the rest goes in her face. She doesn't charge extra for that either. Raven's a proper goer too, I'll give her that, up for all sorts of positions. She's good for a decent bang but I've been with cheaper more attractive girls for less so my opinion is spend your money on something better.
