The Lady:

Fit, young, slim blonde. Hair is fake though, feels cheap. Nice real perky tits.

The Story:

She made me pay extra cos of the snow! Said she went out of her way to get to mine and her tubes were delayed etc. but this wasn't agreed on the phone and she should've checked before coming round and springing it on me. Pretty rude to be honest. I would of gone to hers if I knew that would happen but I gave her the extra dosh anyway to avoid any fuss and just enjoy our time. After that initial setback, the rest of our time was fun. I had her bring some dress up with her, the sexy dominatrix gear as i saw in her profile. Got her to boss me about and gently whip me with her little whip thing, and made her keep her stilletos on while we banged! Everything was sound but I'll just say this, her hair is a turn off because shes got these extensions which feel kind of fake. I like to pull hair when doing doggy but it felt weird. She would look much fitter if she didnt wear them cos she's sexy anyway! Some girls dont need all that fakeness to look fit! Her tits are her best asset, nice and perky and still quite big for a natural pair. 7/10 would recommend
