### The Premises:

Sheridans parlour is located within a row of small shops near Salford Manchester. There is plenty of car parking space and it is near some quite busy roads.

Still ultra- friendly staff and WG's, not hurried out after the appointment and still offered refreshments. From my last report I stand by my statement that this should be the blue- print of how parlours should be run and it is the only parlour that I visit now, even though this gets sceptical looks from some people at Sheridans. But its true, lol!

The only gripe I have is that some rooms need some sprucing up and the side rooms are a bit compact. But I am not there for the rooms, so this is only a suggestion for further improvements and not a criticism.

### The Lady:

I think the best way of describing Lauren is that she is not your typical lady. Far from it and definately not shy! The best way to sum Lauren up is 'Tattoo Magazine Model/ Rockstar Chick.'

She has a pixie style haircut, quite a few tattoos and has both nipples and tongue pierced. Stands at around 5'6 with a stunning figure: Real DD tits, small waist, slim stomach and a wonderful ass. This type of lady I do not usually go and see, but she was recommended and I saw her in reception when I was seeing someone else, so I thought go for it! Safe to say I am glad I did!

### The Story:

It has been three days since I saw Lauren and I still cannot get the session out of my head, it was brilliant. However, it was so brilliant I am finding it hard to write a report on it because if I go through every detail this report will be the size of a small essay, but if I do not then it does this report no justice.

So I will give some highlights and memorable things that happened and leave the rest to myself. Before I get on with the report, this lady has very little barriers in the room and does pretty much

everything, apart from receiving anal, as 'she likes to one keep thing for herself', which is fair enough. I guess if you want to try something, ask and take it from there. I have quite a few ideas for when I next see her.

Anyway, memorable highlights are as follows:

- 1: For me the appointment has to get off to a good start and this happened in the reception before the main event. Nicola told Lauren I was her next appointment and she came over and gave me a kiss and started chatting and asked if I wanted her to wear her crotchless panties. My smile told her my answer.....
- 2: When in the room this lady is so open and chatty and has a great personality and this was in evidence before and after the main event.
- 3: The way she started with the teasing: the lingering DFK, licking my body, the special wanking technique she used.....
- 4: I wanted the PSE and she duly gave me that because the teasing was replaced with a lady who could not get enough of my cock. I have never been given a BJ like Lauren gave me and the extra things she did whilst doing this made it even better.
- 5: The sex was something else.....Multiple positions & some hardcore fucking.....Felt like we were in a porno movie and all that was missing was the camera...
- 6: My favourite position is usually doggy, however this time fucking Lauren it had to be me on top and her on her side....It was intense and the things that she did & said enhanced it even more...
- 7: When I came I gave her what she demanded (pearl necklace & Over her Tits). Yet again, what she did and how she did it made the orgasm more powerful.....

So these are some of my highlights whilst not giving a full blown account of everything that happened. I recovered in reception afterwards and for 20 minutes i just sat there in pure, sexual afterglow, bliss. I have tried to find fault for this meet, and I cannot apart from I wished it lasted longer. And considering how I find fault with most things says how great Lauren and this meet was. Lauren, I shall see you again as I have some ideas that I would like to try...XXX. I just hope the second meet is as good as this one.
