The Premises:

West Kensington location, basement flat - quite steep slate steps. Clean, well-presented.

The Lady:

Gorgeous and petite in equal measures. I told her she could pull off a Kylie Minogue lookalike thing with a blonde wig and some gold lamé shorts.

The Story:

I was five minutes late (thank you TfL) and I called the maid to let her know. Was ushered into the bedroom at the end of the hall and offered a drink, which Lola brought in about two minutes later. She made me feel right at home saying "Come here" as she pulled me into a warm hug and deep kiss. She offered to keep her heels on, but I preferred them off - so everything came off except black thigh-high stockings, which was sexy. As we only had 25 minutes together, she checked with me to see how I'd like to spend it - and we spent most of it in a nice 69 session. We had to clear all the pillows from the bed - there were about 8 decorative pillows - to make room.

She noticed that I got harder when I was pleasing her, so she later on when we were attempting missionary, she kept grabbing my hand and placing it on her pussy knowing it would make me harder. Unfortunately, my cock was not hard enough for penetrative sex (my fault, not hers) so we spent the rest of the time in mutual masturbation and cuddling.

Very, very sexy girl, and I will definitely be back - maybe with a gift of some gold sparkly shorts!
