The Premises:

The incall is in central Manchester, easy to get to, close to public transit.

The Lady:

Danni's pics on the site are not accurate. She's buff/muscular. She's still pretty and has a nice body otherwise, but her arms are actually too muscular. Like her there are some muscular women that look good. Think Devon Michaels, Jewels Jade, and Cathy Heaven.

The Story:

Receptionist on the phone made the booking very easy. The door to the building is kind of tricky to open. Danni told me about it as if I was supposed to know that even though I've never been there before. She wanted me to get a shower even though I showered before leaving but I know many wg's do that for incalls. Windows in the apartment were not completely closed.

She is open minded as far as services go. However 1 downer was that she had bad breath when I kissed her. I don't think she brushed or gargled between appts. She wanted me to shower before the session. But she could've brushed her teeth and had some mouthwash before I came over. She does make conversation but her friendliness does seem contrived, it doesn't seem natural or authentic.

The action was pretty good. I left satisfied in terms of that. But the reason I wouldn't recommend is because of that breath. Ladies please have fresh breath before appointments. Hygiene is just as important to us as it is to you.
