The Premises:

Hotel in Warrington. Quite often used by escorts, loads of free parking and easy access to rooms past reception. Reception area is busy as there is a Starbucks in it so loads of people milling in and out.

The Lady:

Blonde athletic looking, roughly 5'7" in height although appeared taller due to wearing heels. Long legs, smallish natural boobs. No tattoos or piercings. Facially quite attractive. Best description would be Nordic looking. Dressed as requested in high heels and bare legs.

The Story:

Came across this profile a few weeks ago and saw there was a couple of positive reviews elsewhere. An opportunity to have a meet came up and so I fired off a text enquiring about seeing her later that day. She got straight back and it was on. A couple of hours later I was parked up in the carpark of a well known punting hotel in warrington. As I pulled up I got a text from her saying she was ready. Went straight up, no problems with reception. The door opened and she's very pleasing on the eye. Figure wise she's very much like her pics, quite tall in heels, slender with long legs. She has no tattoos or piercings and wasn't covered in layers of false tan. Her boobies are probably a C cup and a perfect shape. Stood there in her heels she really is a sexy sight, she's got a fantastic natural athletic type body. All in all very attractive indeed. Facially she wasn't quite what I was expecting. I imagined her to be very glam looking, heavily made up but instead she's very natural looking with minimal makeup. Her hair is similar to her pics, blonde and perhaps slightly less wavy. I wouldn't say stunningly pretty but pretty all the same. Nordic looking would be a good description.

I'd requested her to be bare legged and in killer heels and she was with little knickers and bra also. She asked did I like what saw and I told her too right. She sauntered over and we kissed as we stood in the middle of the room. It wasn't no little peck either, it was proper DFK. I had my hands all over her as she pulled me in hard. I decided to ask for a shower as it gave me a bit of time to get grip on it all. I literally shed my clothes off right there in front of her, frantically pulling off my tee shirt and jeans and quickly hopping in the bathroom. I came out drying my self off and she was laid on the bed sprawled out waiting. Didn't hang about and jumped straight in, we were immediately romping around all over the duvet. In no time the heels bra and knickers were off and I was soon down on her shaven pussy. She pulled her legs right back and I took that as a hint to lick her little

bum hole. I spent a good time licking and fingering her bits and bobs. I didn't stick a finger up her bum so I'm not sure if that's on the menu. We swapped around and she worked on my cock, she's very good and has skills. Her ball licking and sucking is particularly nice. Quite often I don't get any pleasure from that as they're usually too heavy on sucking a ball into their mouth. She was very gentle and it was nice and pleasurable. Good sloppy mouth and handwork, using both hands at times. (Not one on top of the other, I wish). We moved round to 69 but I had to knock that on the head in the end as I was very near to shooting my load.

Condom on she lowered herself on to me and off she went. Grinding and thrusting and non stop snogging, she worked herself into a bit of mess and she was soon covered in a silky sheen of sweat, her hair now all damp. We swapped about to me on top then into doggy where she seemed to really like her arse slapped. She ended up back on top again and told me to spank her again as she ploughed into me. Eventually we stopped for a break which was a good job too as I'm a one shot wonder and I was nearing the boiling point. We had five minutes then it was on with a fresh Johnny and back at it again. I didn't last too long the second round, I really wanted to fuck her hard and she seemed very receptive to a hard fucking. I knew I was nearing the splaff point and give it to her as hard as I could spunking in her (condom). We had a Little chat and lounge over each other after and she's quietly spoken with a slight scouse accent. I actually thought she was foreign when I first entered the room but to be fair we hardly spoke till after the main event and then I did detect her Liverpool roots. I then had a shower and as I departed she gave me a deep french kiss goodbye and I was on my way.

To sum up.

Probably one of the best GFE I've had in a long time. Good looking girl with fantastic body. Very enthusiastic with lots of proper DFK. OWO, RO, 69, fingers, rimming on her, penetrative sex in numerous positions. Comms were good and clear. Text, book, turn up. All within a couple of hours.

She's expensive though, that said I came away well pleased.
