The Premises:

Pop up brothel in nice block in Central Croydon. Must be annoying for other residents. Parked in NCP type place. Took 15 mins to find place but have no sat nav. Nice modern flat with clean modern bathroom. Will probably be gone next week (the brothel not the flat).

The Lady:

Was aged about 25 in my estimation. Small tits with large nipples which stuck through her bra. Longish dark hair. Little plump bot. Not particularly like photos. Spanish she said but could be EE.

The Story:

When I was let into the room was introduced to all three occupants of the flat and asked to take my pick. One was tall and dark and a bit of stunner, the other was called Adele. I don't why I chose Casey - probably because I thought she might need the work.

Anyway, once we had sorted out the formalities she asked me what i wanted to do and I said I'd like to lick her pussy, then get her to suck my cock and then for me to fuck her, nothing too exciting. So I started by licking her lovely little tits and she seemed to enjoy that so I started to stroke her pussy at the same time. I moved to licking her pussy first on the lips and then onto her clit which she seemed to enjoy even more. Her pussy was not very fresh - all that hanging about waiting for business I suppose. I was licking her and wetting her cunt and running my finger all around her pussy focussing on her perineum which made her sigh and moan a bit. She then took my hand and pushed down to her pussy and I inserted a finger which she rode hard. I pushed my finger in and out of her cunt while licking her clit and she came hard - TWICE.

After that i thought that I'd lie back and think of England while she sucked my cock. This was OK but not earth shattering, and in the end I became a bit flaccid. Eventually she removed the condom and wanked me off using baby oil which was quite nice in its own way.
