The Story:

Text to enter and welcomed straight in Therese has a warm generous nature and I was led to her lounge and we had a chat on the sofa. She asked was I nervous and I was but she genuinely put me at my ease and we talked. I asked her stuff she told me stuff, I did not want sex just a tantric experience. I did not expect her clothed or in lingerie and when we felt comfortable with each other I was led upstairs to a massage couch in the front bedroom.

Therese appeared in a figure hugging summer dress. Which showed her curvy figure

The massage was inexperienced on the back and I believe she was to go on a Swedish massage course however she was gentle on my sensitive areas and quite chatty

then I was turned over

She worked my chest then got into my crotch and performed a lingam massage. I put my hands round her back then asked her to strip off which she did revealing gold matching underwear

Then with her great smile she took off her bra and pulled down her knickers revealing that beautiful body.

Then it got confusing I was told to come down the table where she promptly delivered OWO and what was described by her nice titty wank.

This was not what I wanted but she had control of the old boy in her mouth and things developed I asked if she had toys and a disapproving no

was returned and things ended amicable conclusion

Pros Great figure Great personality amiable trusting and genuine

Cons Inexperienced to the point of naivety as regards her occupation

I did not want OWO It is not something I do with strangers for fear of infection plus she had admitted to having been ripped off in the past with the payment process. I also suspect a bit of clock watching and expecting to have others in the house.

Overall she would do well to speak to more experienced mature escorts or work from a parlour when she gets going

May see her again next year
