The Premises:

Really nice apartment building in Lancaster Gate area, nice and easy to get to. Easy access etc. Candy's room is small but very cosy, everything is as you'd want it to be, comfortable and warm.

The Lady:

Candy looks much better in person, she's stunning. Her pictures on the website are beautiful, but they don't look just like her. I think her hair is a little longer in the pictures too, but that could be my memory. She's Romanian, very young, but very confident, with excellent English. I don't ever do outcalls, but if I was going to take a girl out I'd take Candy, she's got a lot to talk about too. She's all natural too, and has a body to die for!

The Story:

This was fantastic from start to finish. Candy was dressed in her underwear when she answered the door. She had those panties on that seem to have so many straps and things all over, you just don't know which to pull to get them off! With a matching bra. She did a nice little twirl to let me take a look at her and didn't waste any time letting me get them off. Now here's the thing about Candy. She does some of the very best OWO I've had from a European girl so young. She really can get it all in there, and I'm quite a big fella really! She really goes at it too, with a lot of enthusiasm. I really wanted to finish in her mouth, but that would have been a waste of such a wonderful looking girl, so I had to get involved.

Candy just loves sex! Make no mistake about it, she loves it! On top is really good because she loves to be held tight and likes it very sensual. Nice to grab hold of her cute ass in this position too. She loves being kissed on the neck etc. a real GFE with this girl. Doggy was amazing too, and she looks fantastic bent over with her legs spread. Couldn't hold off for long and whispered in her ear if I could CIM, and she agreed. She grabbed me and eagerly milked me into her mouth, sucking on me and looking me straight in the eye, real porno style.

Candy is the best girl I've seen from Babylon Girls! I'd say she's one of my best experiences yet...
