The Story:

Valentina is a very pretty girl and has long, slim legs. However, I didn't realise just how tall she was until she showed up and was taller than me! Her profile says she's 5'11 but I think she's more like 6 foot, which can be rather imasculating for a man like myself who isn't exactly blessed in the height department. She's still very beautiful though and was keen to please, very friendly and up for everything I wanted from the start. Her OWO was pretty good though slightly rushed. We went in several different positions which was great and she moaned sexily all throughout, but I had trouble getting her into doggy as the height thing made it a little difficult! My favourite position so not exactly ideal. I do fancy her but don't think I'll see her again - should stick to the shorter girls in future.
