The Premises:

6/10 - Adequate.

I met Angelina in a large prestige flat in Camberley, although her working room was one of the smallest and certainly the barest that I've ever been in. It was clean and fresh, and there was a decent bed and a small bedside cupboard for the lube and condoms..... and that was it! Not even a hanger to store our jettisoned clothes, so they ended up on the floor in a heap.

But, that's all rather irrelevant as she moved the next day.....!

The Lady:

10/10 - Faultless.

I have now met over a hundred escorts and Angelina is without a shadow of a doubt one of the most stunning. Her gallery is essentially accurate, although the professional photographers have messed around to justify their fees and got rid of her numerous small moles. Why? - it's not as it they detract in any way from her utter gorgeousness, and I believe that they are pretty common on girls from Northern and Eastern Europe. What next, photoshop all redheads so that they're devoid of freckles?

Thankfully, the studios have seen no need to tamper with her figure – it's already absolutely perfect. The most accurate photos are the natural ones against a red/orange backdrop, although the lipstick photographs badly on my laptop, and the one against green really shows her incredible natural beauty and stunning eyes perfectly; face to face in the harsh illumination of the main bedroom light they are breathtaking.

Angelina greeted me in the black outfit with the diamante feature on the neckline from her gallery, and heels, so I would guess that those photos are very recent. The dress is very sheer, almost transparent, and she was naked underneath which meant that she felt heavenly to my caress. That must save on the laundry bills and faffing around during the booking, and she wasted no time in getting naked.....

The Story:

9/10 – Maybe a 10/10 next time?

To be honest, I've had very few memorable punts over the last few months and have been wondering if I've become jaded and over-demanding after five years of weekly paid-for sex? Angelina completely blew that theory out of the water - I've just been making bad choices and maybe concentrating too much on the once-dependable London Thais.

Overall, this was one of the best punts that I've ever experienced and has rekindled my enthusiasm for my Saturday evening hobby. The booking was smooth and effortless, and Angelina was relaxed and affectionate from the moment I arrived.

She did not seem to have a set routine, but I have, and she was perfectly happy to follow my MO. After a very short introduction we were soon naked on the bed with me slowly exploring her entire perfect body with my lips and mouth. We spent the majority of the booking enjoying my preferred oral – her OWO was deep and sublime, and she responded nicely to my RO and the face-sitting and a little rimming from me.

Once we progressed to the main event, the only minor detraction for me was her excessive use of lube – it was totally superfluous from the initial penetration as she was already sufficiently aroused, and she even topped up after ten minutes or so when we had a major change of position from cowgirl into doggie from the side of the bed. I understand that an escort will tend to over-lube as it gives them a more “comfortable” time, but for me crammed into a condom it removes most of the sensation and, even with the amazing view of thrusting into her from behind, I soon abandoned the sex, discarded the safety wear, and requested a return to RO. Not really a problem as I generally prefer to finish with CIM anyway and Angelina enthusiastically finished me off beautifully and waited until I was completely spent before sauntering off to the bathroom to dispose of my essence.

Throughout the hour, Angelina was faultlessly charming, friendly and warm with lots of gentle FK, and her advertised likes seem totally accurate. But now my time was almost gone, and so I enjoyed a few minutes of chat and cuddling before I took my leave of her as the booking ran out.

Note: Angelina told me that she will be on holiday from the end of this week, but don't panic – if you don't catch her on her short Maidenhead tour before she goes, keep her on your hot list as she said she'd be back in mid-June (sadly, two days after my landmark birthday).
