The Story:

This place has been on my list for a while now and being in the Marylebone area one afternoon I decided to call and see if I could make a booking. Maya was available so I choose to see here. Only had an hour to spare so went for that.

Tantric Massage is something a lot of masseuses say they do without having any real training but it's clear Maya has had training in this and knows how to excite those sensual spots on your body you did not know they were there. I cant recall all the little details as I was drifting away into utter bliss for most of the session but she pays special attention to your buttocks, balls and anus throughout the time she is caressing you.

As we neared the end of the session the Lingam (penis) massage was perfectly executed for about 10 minutes with lots of teasing strokes and with me on the brink of coming all the time and when I finally did it was one of the longest orgasms I have had, lasting about 20 seconds.

Overall I cannot fault Maya as she certainly knows what she is doing and seems to really enjoy it, so glad I finally got around to seeing her

Talking to her afterwards she says it has been a bit slow over the winter months and hopes it will pick up soon but based on her performance I don't think she has anything to worry about

PS Got a glimpse of Sophie on the way out who is absolutely stunning. I'm in a bit of a dilemma now as I would really like to try Sophie next time to see if she is just as good as Maya but it may seem disrespectful to Maya to do that so I might have to indulge in a 4 hand massage if they do that. If not I may just have to flip a coin as I am definitely coming back soon.
