The Premises:

Basic first floor apartment with single door entrance on street. Parking at nearby Tesco store. Clean but no offer of shower.

The Lady:

Very large - describes herself as having big boobs and ass, which is true but she didn't look like the photos on vivastreet. Heavily made up and lots of tattoos which also did not show on the photos. Said she was from Romania. Ok English-language. About 30 ish - and not 23 as advertised.

The Story:

Telephoned ahead to make booking for 1530. Lady tried to telephone then left message at 1450 to ask where I was. I was able to go early and arrived at apartment at 1510. She said I had booked one hour but I confirmed that it was for 30 mins and paid the money over.

Lady said to take off my clothes while she disappeared with the cash. Then to lie in the bed. I thought for massage but no she wanted to do that at the end. Straight in with condom and handjob and oral. She said no sex as I had not booked for one hour. Then no more oral, a fierce handjob, clean up and get dressed and go. No massage! Others in adjoining rooms so I was cautious about complaining. Left at 1525!!

Later sent lady text saying that after many years of seeing escorts this was my worst experience and that she had not been clear about the service to be provided and had cheated. Hardly surprising I have not had a reply.
