### The Story:

I picked Britney cos she looked really cute and innocent on her profile, like she'd do anything you'd want and just be there to please. Well, I was right! She showed up in a normal jeans and top, but little did i know britney had a school girls outfit, stocking and suspenders in her bag. After i had a shower I arrived back in the room and she was in the outfit, had even put her hair in little pigtails, it was so sexy. She sat me on the sofa and gave me a sexy lapdance before giving me some insane head, sloppy as anything. She was looking up at me while she was doing it and i was pulling on those pigtails too, proper porno style set up. Britney is really thin, which is nice cos you can put her in all sorts of crazy positions. She's up for all of them and you can tell she's looking for repeat customers. I for one would happily go back for more.
