The Story:

Julia made my trip to Germany a dream come true! I would say two words - super GFE! I contacted her via email to set up a date well in advance. We had tried to meet during my prior visit, but our schedules were not in alignment. We agreed upon a mutually agreeable date and time and maintained contact via email during the weeks leading up to our rendezvous. Julia is an incredibly sexy, intelligent and sweet woman and I enjoyed getting to know her a bit in advance of our date. I had no doubt that we were going to get along incredibly well. On the day of our date, I emailed her my hotel details and she arrived at the appointed time. I'm glad I did multi-hour because this girl rocks! Basically, my fantasies came to life with Julia and my life was never the same again. I will definitely see her again when she is in London in July, actually already confirmed the booking.
