The Premises:

New location to me City Centre near the Post office central Milton Keynes easy and cheap parking.

The Lady:

Physically not what I expected. Kaya was shorter and "plumper" than her images suggest, still blond and a lovely Lady, very pleasant, but just not what I anticipated!

The Story:

The parking was no problem and the apartment was very easy to find and discreet. I knocked at the door and could hear loud voices, not an argument but tense and raised voices? Kaya met me at the door and gave an inviting welcome. She left the room whilst I prepared myself and returned ready for action once the paperwork was out of the way.

Not sure if it was me or Kaya, but the chemistry was not there. Kaya was shorter in height than anticipated making her look chubby with nice "plump" buxom tits and shaved pussy. Don't get me wrong Kaya is a nice looking woman but different to my expectation which may have been my issue? I was given an excellent no condom BJ which was relaxing and skillful, but somehow no feeling or passion was aroused in me. After a good ten minutes of foreplay fondling each other Kaya suggested we had sex missionary. Whilst I humped away Kaya made all the right noises and after a prolonged session in this position she suggested doggy. I came using the same condom in both positions all very amicable and pleasant whilst I dressed and left with a peck on the cheek.

Summing up there was no real arousal or desire during my 30 minutes with Kaya, maybe we both had an off day. I kind of felt we went through the motions, I came twice, I think Kaya came once, but it was all very mechanical with no real creativity or original thought/action from Kaya which is what I guess I was seeking.
