The Premises:

Really easy place to go to, really close to town and the service I received was amazing. The maid was really friendly and put me in the room straight away.

The Lady:

Katie is slim, blonde, fantastic bra and nickers and looked like she really took care of herself

The Story:

The experience was brilliant. When Katie entered the room she welcomed me with a kiss and hug as if she missed me because I have not been to the place in a while, once we exchanged the paperwork I gave her a message we chatted about all sorts of things which made me at ease and not nervous. after 15 minutes of massage we got down to what i can only say was the most fantastic experience I have ever had and I've been doing this for 3 years. We first started off with me fingering her gently then katie would play with my dick after a few minutes of this I ended up on the bed back first to have the most sensational blowjob ever, best in the business. Once that was over she went on top of me it was smooth, calm and it didn't once felt like she was faking it at all like she enjoyed it as much as I did then I went on top of her looking into the beautiful eyes while I was doing her. we ended up fucking on the chair and then ended with more oral to then me cumming finally.

Honestly guys you have to book katie she is friendly, brilliant, funny and has this ability to make you forget about the time you booked her for.

Get booking because if you don't you will regret it!.
