The Premises:

Terraced house in town, fairly average sort of place. I think she owns the houses on either side as well. Street parking seemed to be completely safe. The place was a bit of a mess but acceptable, and her taste in decor was unusual in places. There are loads of costumes, toys, equipment etc around in various rooms. Showering facilities available but not the best, undergoing renovation.

The Lady:

Exactly as her photos, (some have complained but there is no deception) Tall with a decent body but smallish boobs and decent looking. Caucasian from Lithuania with slight accent to match.

The Story:

Seductionist (aka Tiffany) seemed very tired when I arrived. I had been about 2 years previously for what was an excellent experience, and she sold her 3 hours for the price of 2 so I said I would go for that next time. So here I was but she seemed keen to cut down the time after taking the money, asking if I could stand 3 hours. I said OK we can have a rest in the middle. I had a quick shower. I asked her if we could do a massage, sex, then some light S&M to revive me and some more sex. the massage was good, and she gives good oral, but wasn't really putting her heart into it, the sex was OK and she was keen to try a few positions. We had a bit of rest during which she complained about everything under the sun especially her financial situation. I asked if we could watch porn but she said she didnt like it and the telly was bust.

First hour over and I was not overwhelmed, certainly nowhere near as good as last time. We then went to her punishment room and she locked me in stocks and issued a good beating with a strap which was enjoyable, and she seemed to enjoy that part too. We went back to the bedroom for some more sex, similar to before.

She had all of the moves in the bedroom, gave good deep BJs and has a nice pussy for licking and plenty of variation in sex, but a GFE it was not. I was a disappointment after my previous visit. I had had enough after 2 hours and left. I think Seductionist is now past her sell by date and has lost her appetite for the work, which is probably not surprising, as she has been at it a long time. Shame really as she used to be really good
