The Premises:

A discreet location, with free parking close at hand. The location was clean, spacious and the shower was tip top. The boudoir itself was clean, comfortable and provided a relaxed atmosphere for the festivities.

The Lady:

Olivia is a lady in her prime. Well educated, intelligent, worldly and a genuine conversationalist. I found talking with her came naturally. We discussed our love of expensive bikes, Scottish food (cannae wait for ma square sausage!) amongst other things. As to her physical attributes, her pictures provide only a taste of the delights that meeting the lady in person will reward a gent with. Scrumptious, voluptuous, naughty, alluring and ravishing are all adjectives which apply and if you are lucky, you might experience them too.

The Story:

If you read Olivia's profile, it will give you an extensive list of what she enjoys and those pleasures you might enjoy too. We kissed passionately, caressed and cuddled each other before I gave her a little manipulation to sort out some knotted muscles. Then we turned our attentions to the more pleasurable aspects of the liaison. Olivia is very skilled in the art of stimulation, indeed it could be her second degree if there were an exam in the subject. If I were the examiner, she would get a gold star. As a gent, I believe these occasions are all about mutual pleasure, so I did what any gent would and I know Olivia appreciated my efforts. I prefer not to be explicit, but it is safe to say that we had very enjoyable time together, which was both physical and cerebral. A genuine pleasure. Thanks Olivia X
