The Story:

Daniella is absolute pure filth and i enjoyed every minute i spent banging her! Wow wow wow. She looks, thinks and acts like a porn star and i genuinely think she just loves sex and her job ain't really a job for her.

Anyway, I sorted out meeting her and before she even arrived she was texting me some filth about what she wants to do to me when she gets there! Not many girls do that before you've even met them. It turned me on to the point where when she got to mine I was already hard as hell and ready to go. I had a shower and she enthusiastically joined me in there, massaging my body and letting me get her perky tits all soaped up. We DFK in the shower before drying off and moving to my bedroom. This girl's body is unreal, just how you picture a brazilian chick to be - curves in all the right places, olive skinned and this big booty. I thoroughly enjoyed doggying her and watching her arse bounce up and down against my dick. She's also got loads of sexy tattoos which I like in girls. Ask her to show you her special piercing too ;) 10/10 lads.
