Older than her photos suggest but still quite attractive. Blonde, tanned, slim.

The Story:

I'll start by saying that cleopatra probably isn't 23 like her profile suggests. I think she's more like 30 which is a bit disappointing as I don't like being misled. I said that to her when she arrived and she said i was rude and shouldn't ask a woman's age haha. Guess that shut me up! Anyway, however old she is (not 23!) I still think she's quite good looking. She can still work her way around a dick and i had a good enough time for what it was worth. Good body, good OWO, decent enough shag. SHame we didn't really have anything to talk about though, as after i brought up the age thing she seemed in a right huff from then on.
