Sexy little number with a banging pair of tits and perky round arse. Got curly brown hair think theyre extensions but still look decent.

The Story:

Antoneta is physically super hot, like the typical hot chick you'd wanna date. Brunette, curly long hair, slim but good curvy arse and nice sized tits. I was happy when she arrived and looked just as good as in her pics. We didn't have much time so got straight down to it. She gave me a sexy lapdance, peeling her clothes off seductively and licking my chest up and down, even biting my lip and staring into my eyes like she wanted me to fuck her. My dick got hard immediately. Antoneta the saucy minx took it in her mouth gave me a nice sloppy blow job, spitting all over it and deep throating me as best she good. She got on top of me while i'm sitting on my couch and hopped on my cock while putting her fingers in her mouth and staring at me, proper dirty there. I took her from behind and slapped her arse gently while pulling her hair. Then i decided to try something new. ...I saw on her profile earlier that it was only an extra 50 for a-level so asked her to give it bash. A bit of a mistake on my part there. Antoneta can't really take it as well as i'd hoped given it was advertised so broadly on her page. Took us about 10 times to actually get my dick in her arse and lots of struggle, it went down trying as well. Had to have her nosh me off and touch herself to get it back up, then after using tonnes of lube we finally got it in. She moaned a fair bit but it sounded fake, think i'll stick to the usual stuff next time. I had a decent time with Antoneta but the a-level trouble brought the mood down and ruined the fun a bit. She should be honest about her skills or don't offer it.
