The Story:

Alexia was just what I needed after a stressful day. First off she showed up at my place with a cheeky smile on her face, i fancied her instantly. She looks fitter in the flesh than on her profile which often isn't the case. She doesn't look 28, in fact a few years younger, she's aged well. She kissed me as soon as i let her in and smelt really nice too. I had a quick wash and then when i went back in the lounge she was already naked, touching her tight little pussy and gesturing for me to come over. I had a hard on already just looking at her. Got her to play with herself for a bit, moaning and that, she took my hands and guided me so i could feel how wet she was. All the while she was biting my lip and telling me how much she wanted to fuck. My dick was rock hard at this point. She started sucking it nice and slowly, then getting faster and taking it nice and deep, spitting all over it before I CIM and had her swallow. We had a glass of wine and chit chat for a bit before she started massaging me again. I managed to get hard again then and had her hop on my dick and ride it in reverse cowgirl while I grabbed that nice long blonde hair until I finished. Proper naughty girl this one. Would see again!
