The Premises:

I met Charlotte at her house in a quiet suburban street about ten minutes walk from Worcester Park railway station. Having made my way to the end of her road she then guided me to her house over the phone.

The Lady:

Charlotte is a genuine BBW. Her photos are accurate particularly her divine natural cleavage which divides her huge natural bosom.

The Story:

I was greeted at the door with a kiss and a cuddle. Charlotte was dressed in a negligee which left very little to the imagination. After a chat over a drink in the living, interspersed with lots of kissing and cuddling we then headed up stairs after Charlotte discarded her heels. When we got to the bedroom, she undressed me, then revealed a lovely blue basque out of her breasts soon tumbled. A heavenly hour in bed followed, with Charlotte reflecting her reputation as something of a blow job queen. With my cock already rock hard she seemed to enjoy playing with her new toy, lovingly worshipping it with her tongue. Eventually she climbed on top riding herself to an intense climax. We then switched so I could do the same. There was no rush when we had finished, continuing to caress and cuddle each other. The perfect way to spend a warm summer's afternoon.
