The Premises:

Nice clean flat in decent area, but had an odd encounter with neighbour...

The Lady:

Gorgeous young Russian lady. Very natural looking like her pictures suggest. A cute girl next door type of look.

The Story:

Another Russian beauty who was willing to please and gave me a very nice time. I can honestly say that her OWO is one of the best I've had - the reviews you see online don't do it justice. She really knows how to work her way around it and what a great skill she has. We then had sex in missionary, her on top and reverse cowgirl, I loved watching her arch her back while gently spanking her perky little arse. I finished with her in that position and we were both satisfied. We had a chat and drank some champagne together - her English isn't the best but she tried to make me feel comfortable and was very charming.

However, I have one issue about my punt with genie. As I was leaving her flat, a neighbour happened to be walking out of theirs at the same time. I don't know if I'm being paranoid but the random woman tutted at me and shook her head in my direction! Not exactly genies fault but that has never happened to me before and certainly put me off ever going back there!!! I'd see genie again but only on outcall.
