The Lady:

Her agency pictures suggest she is more beautiful than when she arrived but don't get me wrong she was still very sexy, i'd say slim and petite. Legs and eyes were definitely her best features, says 25 on the website not sure how true that is.

The Story:

Lora was a great night, fun & loving and was happy to talk to me and play which makes a change. We had a great dfk when she arrived at my room and experimented with some owo. I enjoyed it and she also gave off the impression that she did too. Either that or she is a very good actress.
